

**Subpart 4310—Conditions****§ 4310.1 Lands subject to grazing permit.**

Vacant and unreserved and unappropriated public lands are subject to inclusion in a reindeer grazing permit. Where these lands are within the natural migration routes of caribou, or when they have other important wildlife values, the lands may be included in a permit, at the discretion of the authorized officer after consultation with the Alaska Department of Fish and Game, subject to such special terms and conditions as may be jointly agreed upon. Public lands which have been withdrawn for any purpose may also be included in a grazing permit with the prior consent of the Department or agency having administrative jurisdiction thereof, and subject to such additional terms and conditions as such Department or agency may impose.

**§ 4310.2 Qualifications of applicants.**

An applicant is qualified if he is a native or group, association or corporation of natives as defined by the act of September 1, 1937, organized under the laws of the United States or the State of Alaska, or if the applicant is a native corporation under the provisions of the Alaska Native Claims Settlement Act.

**§ 4310.3 No rights acquired by applicant prior to issuance of grazing permit.**

The filing of an application will not segregate the land applied for from application by other persons for a grazing permit, or from other disposition under the public land laws. As the issuance of a grazing permit is discretionary, the filing of an application will not create a right for such a permit, or to the use of the lands applied for pending the issuance of a grazing permit.

**§ 4310.4 Rights reserved; public land laws applicable.**

(a) Grazing permits under this part shall be subordinated to higher uses and subject to modification or reduction by the authorized officer to the extent necessary to allow:

(1) The protection, development and utilization, under applicable laws and regulations, of the mineral, timber, water, and other resources on or in the lands included in the grazing permit, including their use for agriculture.

(2) The allowance of applications for and the acquisition of homesites, easements, permits, leases, or other rights and uses pursuant to applicable public land laws.

(3) The temporary closing of portions of the permitted area to grazing whenever, because of improper handling of the reindeer, overgrazing, fire, or other cause, such action is deemed necessary to restore the range to its normal condition.

(b) No permittee may so enclose roads, trails, or highways as to disturb public travel thereon, nor interfere with existing communication lines or other improvements on the permitted area; he shall not prevent legal hunting, fishing or trapping on the land, or ingress of miners, mineral prospectors, and other persons entitled to enter the area for lawful purposes.

(c) Persons using public lands for grazing of reindeer or for driving of reindeer across such lands must comply with applicable State and Federal laws relative to livestock quarantine and sanitation.

**§ 4310.5 Location, settlement, entry, and other disposition of lands included in grazing permit; notice to permittee of disposition and reduction of permitted area.**

(a) Lands included in grazing permits under the act are subject to settlement, location, and acquisition under the non-mineral public land laws applicable to the State of Alaska.

(b) Upon settlement, location, or entry of any lands included within a reindeer grazing permit, the permittee shall be notified of the settlement, location, or entry, and the permitted area shall be reduced by the area involved in the settlement, location, or entry.

(c) Unless otherwise withdrawn therefrom lands included in grazing permits under the act are subject to disposition under the mineral leasing laws and to mineral prospecting, location, and purchase under the mining laws, in accordance with the applicable
